WORKPLACE HEALTH & SAFETY POLICY

We are dedicated to providing a safe and healthful environment for employees and customers, protecting the public, and preserving clients assets and property.

At GC Scaff our most valuable resource are the people who work for us. Injuries can be prevented. To achieve this objective, GC Scaff will:

- *Provide a healthy and safe workplace.*
- *Regularly review and improve our processes to minimise health and safety hazards.*
- *Work with our customers, suppliers and employees to seek continual improvement of our activities.*
- *Comply with legislation and industry codes of practice wherever we conduct business.*

Our health & safety program will assist all our personnel in identifying and controlling hazards and risks which in turn will minimise injuries and damage to customer's or company property.

All employees are expected to follow this program and it is designed to encourage everyone to promote the health & safety of their fellow workers, the public and our customers. To accomplish our safety and health goals, all members of management are responsible and accountable for implementing this policy, and to insure our health & safety program it is followed.

GC Scaff is sincerely interested in our employee's health & safety. Our policy is to provide safe equipment, adequate tools, appropriate skills, knowledge, training, and the necessary personal protective equipment.

It is the employee's responsibility to follow our and the site rules of safety as established for their protection and the protection of others, and to use the protective devices, which GC Scaff provides.
